

● Parameter

SMQT

Product name:EB-163 Electric alarm siren

Output power: 15/20W

Operating voltage:DC 12V

Operating current:300mA

Sound pressure:115db

Working voltage range: 6-15V DC

Dimension:64*53*50mm

Decibels:110DB

● Introduction

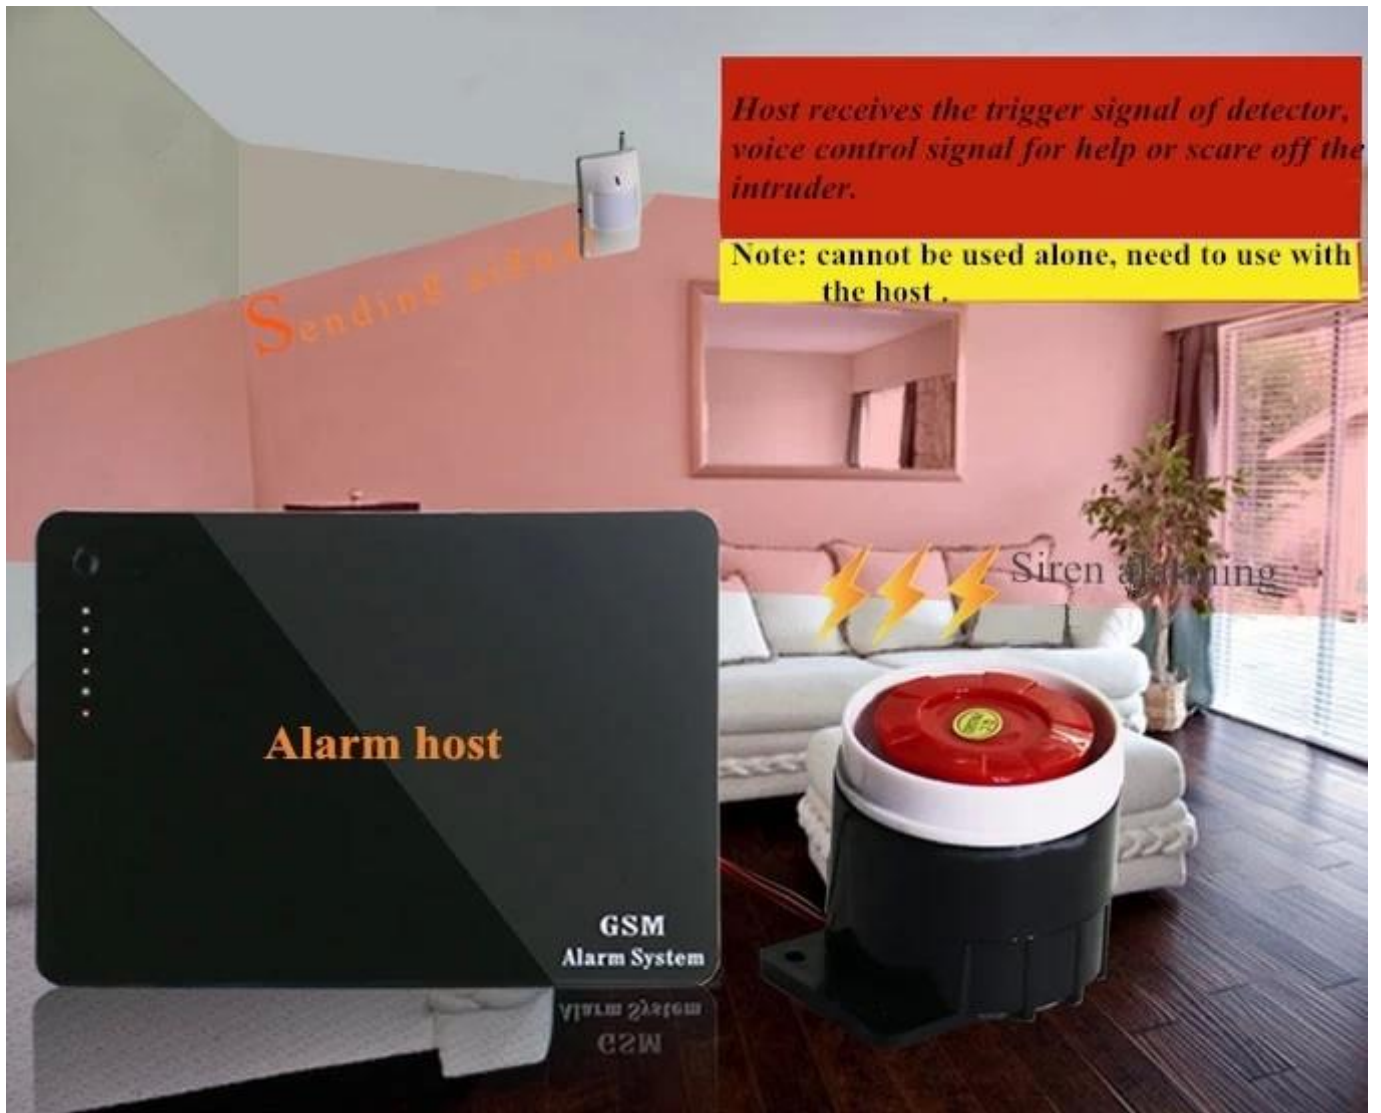

SMQT

SMQT EB-163 Electric alarm siren is a high-quality, reliable, and easy-to-install device. It is designed to provide a clear and loud warning sound in emergency situations. The siren is powered by a DC 12V power source, which can be connected to a car battery or a power supply unit. The device is compact and lightweight, making it suitable for use in a variety of applications, including home security, industrial safety, and emergency services. The siren is made of durable materials and is resistant to shock and vibration. It is also easy to install and maintain. The siren is a must-have for anyone who wants to protect their property and loved ones. The siren is a reliable and effective way to provide a clear and loud warning sound in emergency situations.
