

● Parameter

SMQT

Product name:EB-163 Electric alarm siren

Output power: 15/20W

Operating voltage:DC 12V

Operating current:300mA

Sound pressure:115db

Working voltage range: 6-15V DC

Dimension:64*53*50mm

Decibels:110DB

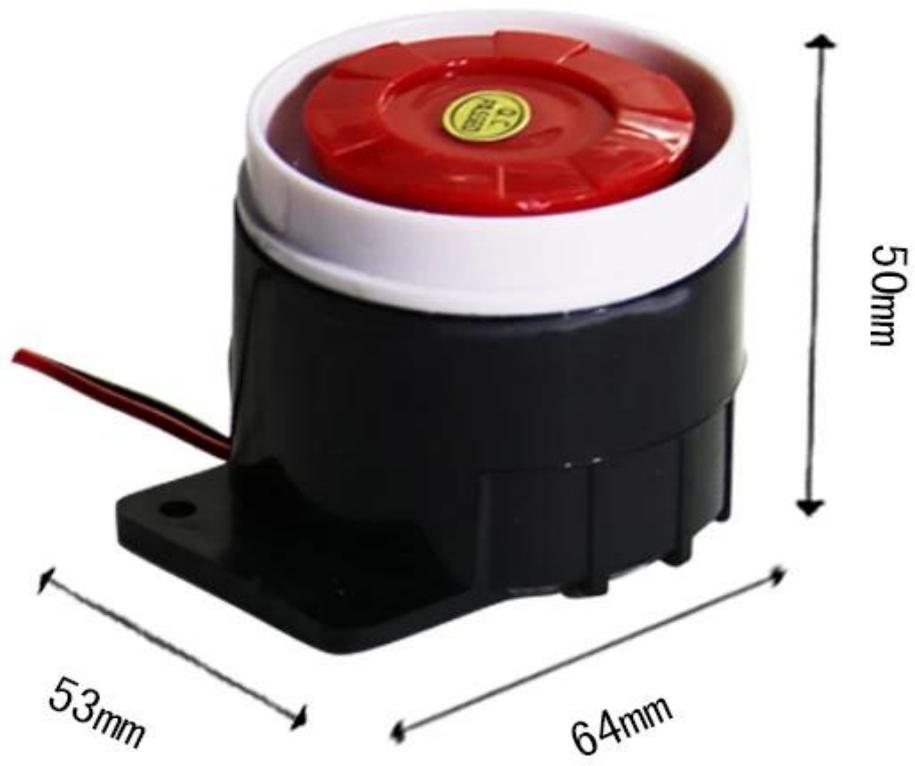

● Introduction

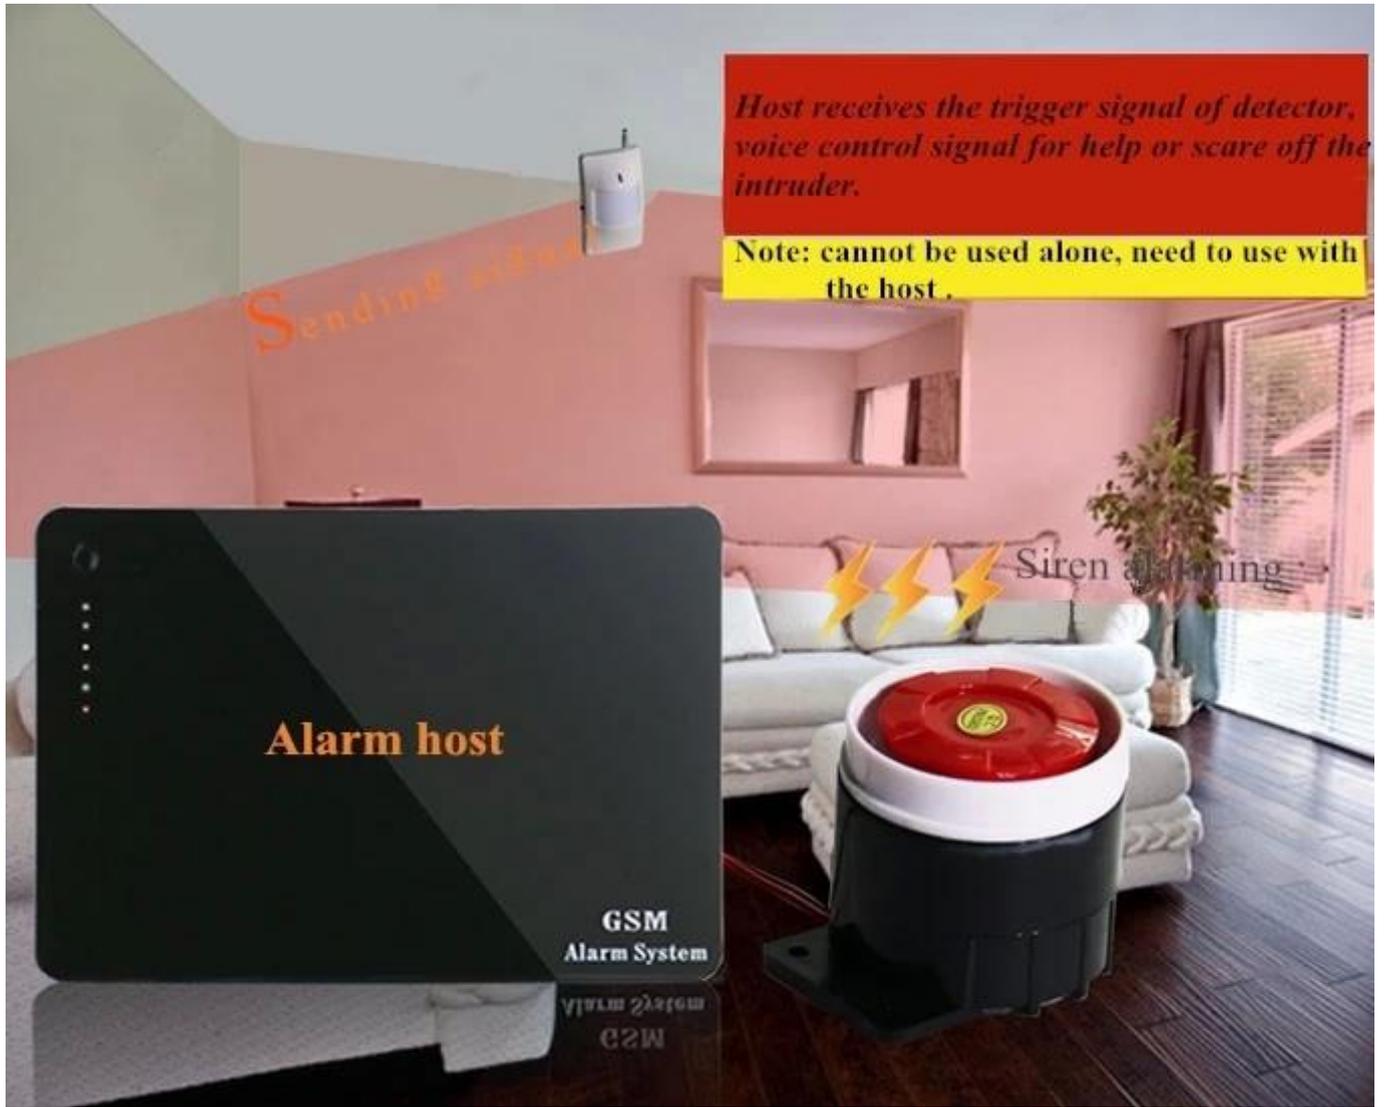

SMQT

SMQT EB-163 Electric alarm siren is a high-quality, reliable, and easy-to-install device. It is designed to provide a clear and loud warning sound in emergency situations. The siren is powered by a DC 12V power source, making it suitable for use in a wide range of applications, including home security, industrial safety, and public safety. The siren is compact and lightweight, making it easy to mount in various locations. It features a red and white color scheme, which is highly visible and attention-grabbing. The siren is also equipped with a black mounting bracket, which allows for easy installation on a wall or ceiling. The siren is made of high-quality materials, ensuring durability and long-lasting performance. It is also easy to maintain and repair. The siren is a must-have for anyone who wants to ensure the safety of their property and loved ones. It is a reliable and effective warning device that can help prevent accidents and injuries. The siren is also a great addition to any security system. It provides a clear and loud warning sound that can help alert you to any potential threats. The siren is a simple and effective way to protect your property and loved ones. It is a must-have for anyone who wants to ensure the safety of their home and business. The siren is a reliable and effective warning device that can help prevent accidents and injuries. It is a must-have for anyone who wants to ensure the safety of their property and loved ones.
