

● Parameter

SMQT®

Specification	
Product name	Access Control Switch Power Supply
Model number	EA-37C
Dimensions	182L * 76W * 62H (mm)
The output voltage	DC12V
Output current	3A
Output Power	36W
Output contact	COM / NC / NO / GND / + 12V / PUSH / CONTROL
Delay setting	0-10s
Specially designed	Double-pane glass, copper transformer, steel shell
security function	Short circuit protection
Scope	Access control, building intercom system

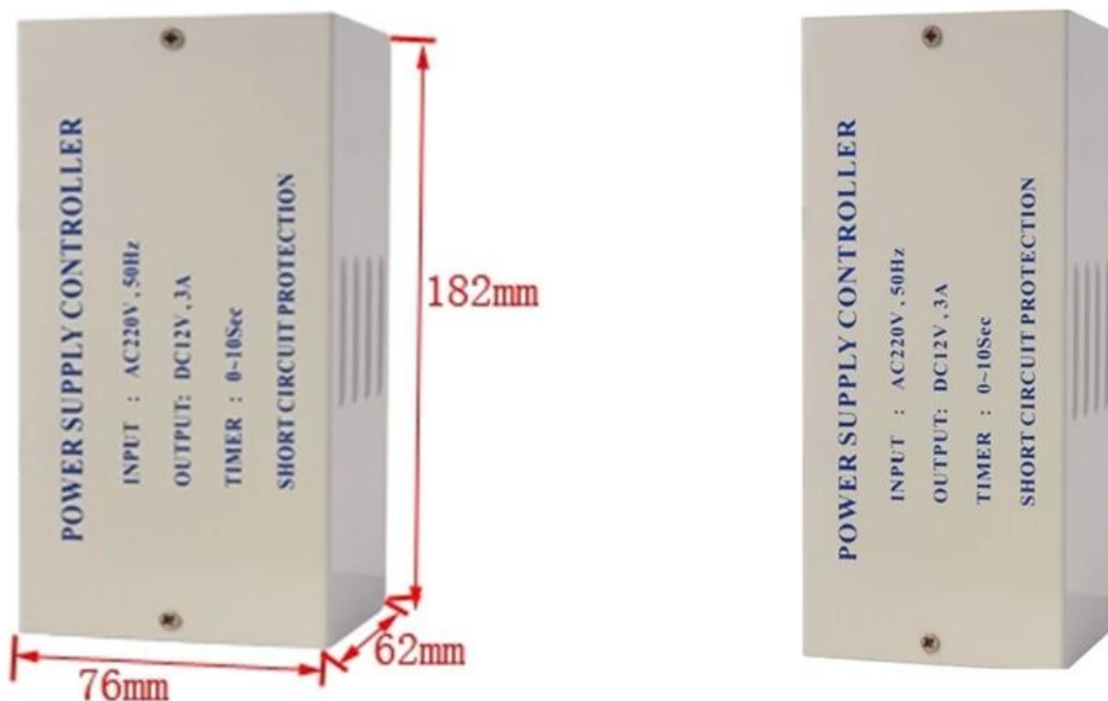

● Introduction

SMQT®

Access Control Power Supply with standard thermal exhaust design, high-quality imported raw materials made of metal shell, has good heat dissipation and interference shielding characteristics. Waveform quality is good, no high-frequency noise, the output voltage is 12VDC, with battery depletion protection, Dual relay design and device imports to ensure the stability of the power.
