

## Manufacturer Security Alarm Surface Mounted Magnetic Contacts sensor EB-147

*Magnetic contacts*  
*Security*

### PANGUNAHING PARAMETER NG EB-147

|                               |                                                                           |
|-------------------------------|---------------------------------------------------------------------------|
| <b>Pangalan ng Produkto:</b>  | Manufacturer Security Alarm Surface Mounted Magnetic Contacts sensor      |
| <b>Numero ng modelo:</b>      | EB-147                                                                    |
| <b>Gumaganang boltahe:</b>    | Max DC 100                                                                |
| <b>Kasalukuyang gumagana:</b> | Max 0.5A                                                                  |
| <b>Konsumo sa enerhiya:</b>   | 10W                                                                       |
| <b>Port ng interface:</b>     | NC/COM                                                                    |
| <b>induction gap:</b>         | 20~30mm                                                                   |
| <b>Sukat:</b>                 | Bahagi ng tambo:51*13*10(mm)<br>Bahagi ng magneto: 51*13*10(mm)           |
| <b>Angkop para sa:</b>        | <b>Lahat ng uri ng door access control system at burglar alarm system</b> |
| <b>Materyal:</b>              | ABS housing PCB boardReed switch                                          |
| <b>Kulay ng pabahay:</b>      | Puti/Kape (opsyonal)                                                      |

|                   |                                                          |
|-------------------|----------------------------------------------------------|
| <b>Timbang:</b>   | Yunit: 45g<br>10 pares bawat bag, bawat bag timbang 450g |
| <b>Garantiya:</b> | 1 taon na warranty                                       |
| <b>OEM:</b>       | Maligayang pagdating OEM                                 |
