

| Specification          |  |
|------------------------|--|
| Model                  | EA-82DK  |
| Dimension              | 96×96×22(mm)                                     |
| Working voltage        | 12V ± 3VDC                                       |
| Working Power          | <2W  |
| Card type              | 125KHz ID  |
| Induction distance     | 60mm   |
| Capacity of records    | 10000  |
| Capacity of user       | 10000  |
| Communication format   | RS485  |
| Transmitting rate      | 9600bps(N,8,1)                                   |
| Data storage           | 4M bits FLASH Memory                             |
| Shell material         | PC   |
| Color                  | Black/White(optional)                            |
| Suit for               | home/ office                                     |
| Environment temprature | -30 °C~65 °C                                     |
| Openn mode             | Card/ Card+password/UID +password/Super password |
| Net weight             | 0.24kg   |

## what features of our EA-82DK?

1.Using laser carving techniques, keypad with breath background of energy saving lamp

2.Important PC material shell, with strong heat resistance, corrosion resistance

3.Advanced flash storage technology

4.Built-in card reader, with wiegand signal output

5.Secure high-performance, temper device

**IN-KIND SHOOTING**

## APPLICATION

Power supply

12V DC output

Converter  
(RS232 to RS485)

Door release  
button

EA-82DK

## FAQ

**Q:Can I have a sample order?**

**A:Yes, we are willing to offer trial sample order to you for quality test. Mixed samples**

are acceptable.

**Q:What is the lead time?**

**A:Sample needs 1-3 working days, mass production time needs 10-15 working days.**

**Q:What is your MOQ?**

**A:No MOQ limit.**

**Q:How do you ship the goods and how long does it take arrive?**

**A:The sample will be sent to you by optional shipping service (couriers, air, and sea),or appointed by buyer,7-15 days.**

**Q:How will we proceed the order if I have logo to print?**

**A:Firstly, we will prepare artwork for visual confirmation. If the color and position are right, we would make sampling firstly from silk print factory and take picture for your second confirmation before mass production.**
