

2 Channel remote control device ,remote controller for Access control system

Access control

EA-11-2's main parameter

Specification	
Product name:	2 Channel remote control device ,remote controller for Access control systemcontrol system
Model:	EA-11-2
Size:	Receiver:77*54*25(mm) Sender:53*23*10(mm)
Working voltage:	12V/24 DC (Adjustable)
Working Current:	80~150mA
Power consumption:	10mW
Max connect remote controller:	1 Receiver max match 30 pcs sender
Wireless frequency:	315Mhz/433Mhz(optional)
Communication distance:	100m in open air
Working temperature:	-10°C~50°C
Storage temperature:	-10°C~65°C
Operating humidity:	95%
Color:	White
Weight:	100g
