

Specification	
Product name	Embedded Concealed Doors Sensor Magnetic Contact
Model	EB-141
Dimensions	Φ10 * 25 (mm)
Connection	Normally open / normally closed
Operating distance	15-20 (mm)
Maximum pressure	≤100VDC
Load current	≤500mA
Working Power	≤10W
Housing Material	ABS
Shell color	White / Brown (optional)
Suitable for	Wooden doors and windows / wooden doors

ABS fire-retardant material.

Waterproof seal, beautiful appearance, high magnetic adsorption.

Embedded Magnetic switch consists of two parts and the magnet switch, switch section connected by reed switch via lead. Package from stereotypes; the magnet portion by the corresponding magnetic field strength magnets packaged in plastic or metal housing. When two separate or close to a certain distance, thereby causing breaking switch sensing changes in body position.

Embedded Menci alarm widely used in many areas of urban security, banking, telecommunications, power, justice, community, factories, companies, schools, homes, villas, warehouses and other doors and windows installation.

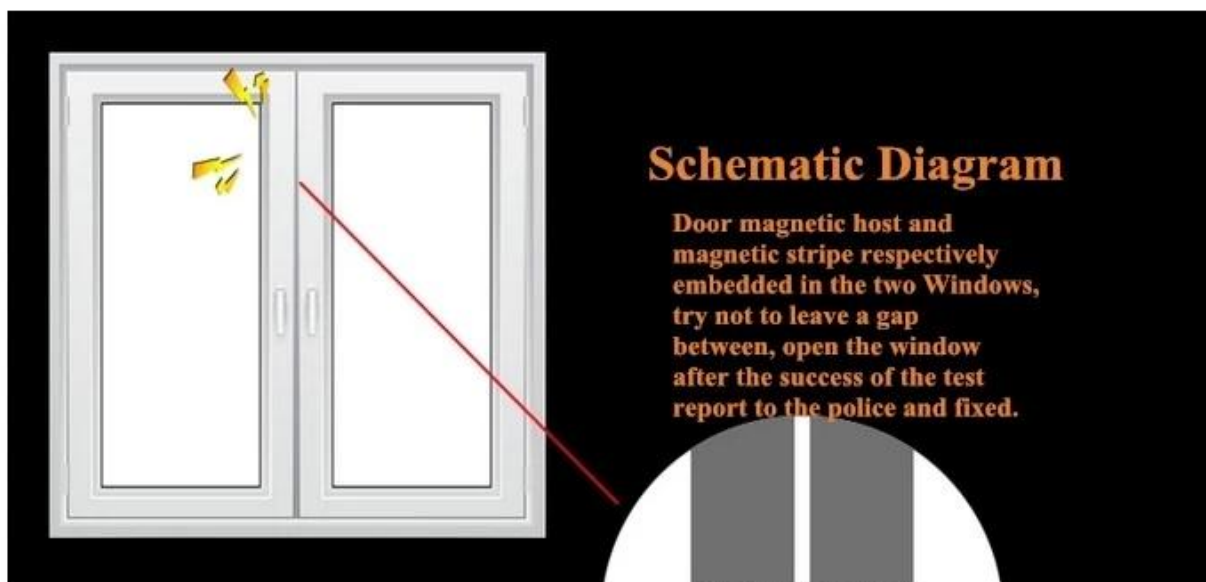

Waterproof seal

Using PC rubber seal,
waterproof and durable,
no leakage.

High quality magnet

Good adsorption, installing,
borehole directly use stability.

● Packing list

SMQT

Packaging List	
Product name	EB-141 Embedded Concealed Doors Sensor Magnetic Contact
Qty	2000 / box
Packing Specifications	37.5 * 29.5 * 20 (cm)
Packing weight	20.94Kg
