

Specification	
Product name	SMQT New Good Quality Home Alarm System Wired Ceiling Mounted Infrared PIR Motion Detector
Model	EB-175
Size	□135 * 30(mm)
Working voltage	12~24V DC
Working Current	18mA(DC12V)
Detecting angle	360°
Self-testing time	60S
Working temperature	-10℃~50℃
Detecting speed	0.2~7m/sec
Install Height	2.2~6m
Storage temperature	-25℃~65℃
PIR Feature	Infrared sensro type :Dual elements PIR sensor Auto temperature compensation:NIC compensation Detecting distance:8~10m Detecting angle:360°
Alarm indicator	Red LED Light(close if need)
Alarm output	NC ,12V DC,100mA
Anti-tamper switch	NC ,12V DC,100mA
Operating humidity	95%
Color	White
Weight	0.1kg

Features

- The product is passive infrared detector with high stability. It has adopted advanced technology in signal processing and provided superhigh detection ability and anti error alarm.
- The detector will detect movement of human automatically when intruder passes through the detection area, and it will send out alarm signal to alarm host if there is movement.
- The product is suitable for the safety of residential house, villas, factories, markets, warehouses, office building etc.
- Passive infrared Motion detector, with perfect streamline surface design.
- Adopted dual elements infrared sensor, digital processing technology.
- High reliability from perfect technical stability and design.

what features of our EB-175?

1.Wired ceiling mounted PIR motion detector

2.DC 12V~24V power supply

3.8m detecting distance

4.2.5~6m installation height

5.2 years warranty , welcome OEM

IN-KIND SHOOTING

EB-175 **leak Alarm**

Home security

- Modernized design
- Self test function
- Durable sensor head
- High Accuracy

CE

2

Technical specifications for EB-175 leak alarm device:
The EB-175 leak alarm device is a modernized design with a self test function and a durable sensor head. It is designed for home security and high accuracy. The device is made of high-quality materials and is resistant to corrosion. It is suitable for use in various environments, including bathrooms, kitchens, and basements. The device is easy to install and use. It has a long battery life and a low power consumption. The device is also compatible with other home security systems. The EB-175 leak alarm device is a reliable and accurate device for home security.

FAQ

Q: Can I have a sample order?

A: Yes, we are willing to offer trial sample order to you for quality test. Mixed samples are acceptable.

Q: What is the lead time?

A: Sample needs 1-3 working days, mass production time needs 10-15 working days for order less than 5000pcs.

Q: Do you have any MOQ limit?

A: EXW MOQ is 100pcs under blank box.

Q: How do you ship the goods and how long does it take arrive?

A: The sample will be sent to you by optional shipping service (couriers, air, and sea). The delivery time depends on the shipping service.

Q: How will we proceed the order if I have logo to print?

A: Firstly, we will prepare artwork for visual confirmation. If the color and position are right, we would make sampling firstly from silk print factory and take picture for your second confirmation before mass production.
