

## Single door access control Keyboard 125Khz/13.56Mhz Access Control RFID keypad reader

### Single door access control keypad

1000 user capacity / Support WG input / 125KHz&13.56MHz optional

#### MQ-103's main parameter

|                      |                                                                                       |                   |
|----------------------|---------------------------------------------------------------------------------------|-------------------|
| Product name:        | Single door access control Keyboard 125Khz/13.56Mhz Access Control RFID keypad reader |                   |
| Model:               | <b>MQ-103C</b>                                                                        | <b>MQ-103D</b>    |
| RFID frequency:      | <b>IC(13.56Mhz)</b>                                                                   | <b>ID(125Khz)</b> |
| Reading distance:    | 2~5cm                                                                                 |                   |
| User capacity:       | <b>1000 Cards</b>                                                                     |                   |
| Power supply:        | DC 12±10% V                                                                           |                   |
| WG input:            | <b>Support</b>                                                                        |                   |
| Static current:      | ≤100mA                                                                                |                   |
| Door open time:      | 5s                                                                                    |                   |
| Working temperature: | 0°C~60°C                                                                              |                   |
| Working humidity:    | 0%~95%                                                                                |                   |
| Storage temperature: | 0°C~60°C                                                                              |                   |
| Dimension:           | <b>86x86x20mm (error ± 3mm)</b>                                                       |                   |

|                   |                          |
|-------------------|--------------------------|
| Housing material: | PC                       |
| Color:            | Black plane&Silver frame |
| Weight:           | 0.5kg                    |

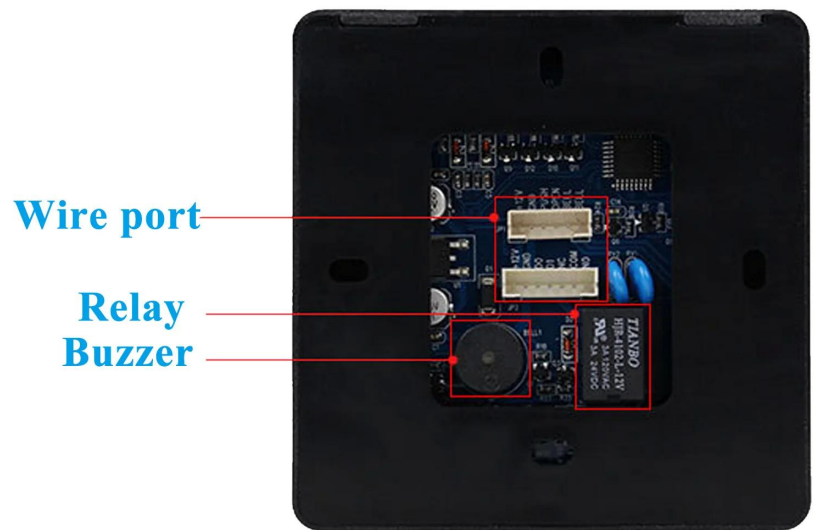

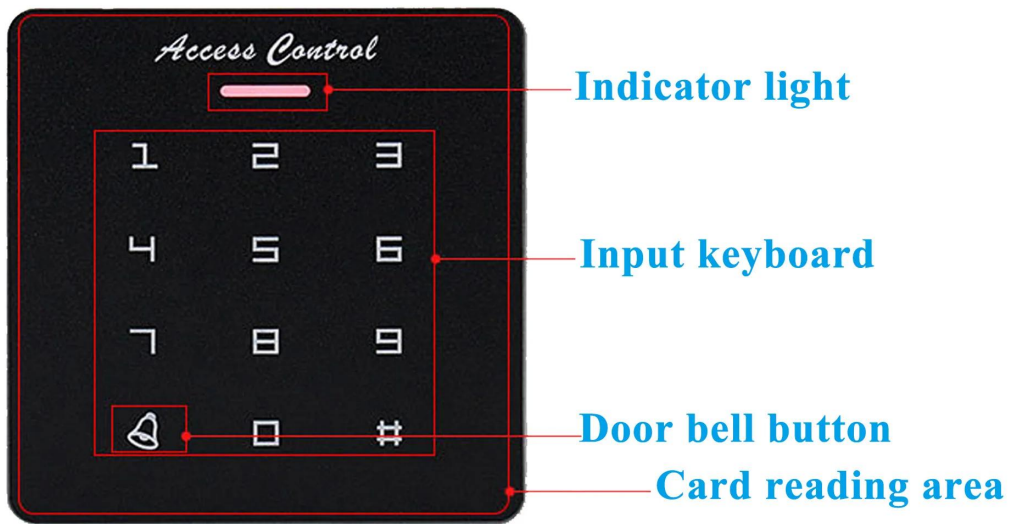

What feateurs MQ-103 have?

Size

# Appearance

# 13.56MHz/125KHz optional

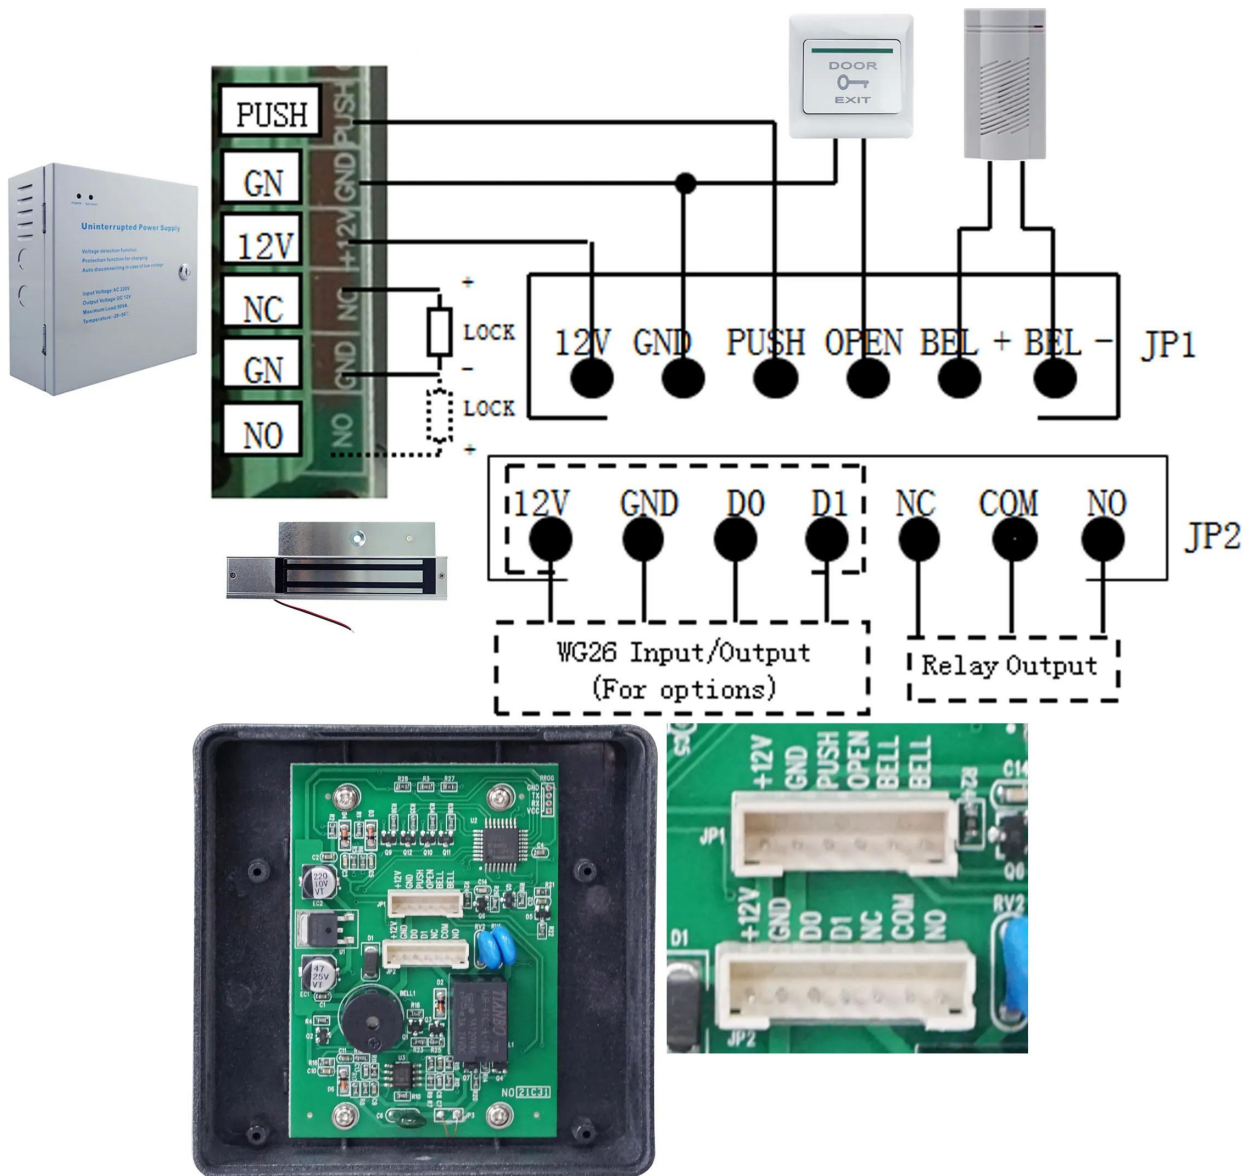

**MQ-103C:13.56MHz**

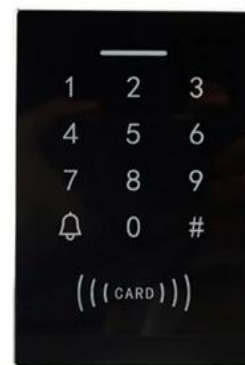

**MQ-103D:125KHz**
