

1. Specifications:

product name	EB-851 Alarm Control Panel
dimension	256x236x69mm
Running current	Less than 50mA
Received frequency	315 MHz (or 433 MHz)
Alarm area	8 Wired, 16 Wired
Recording time	10-20 seconds
password	2groups 6 numbers
material	Steel box and ABS keypad
Alarm mode	Alarm center, telephone, alarm
Operating voltage	AC 220V
Alarm current	Less than 200mA
Communication format	ADMCO4 + 2, CID
Alarm mode	Phone, button
telephone number	Group 6
Wired alarm input	NO / NC

2. Features:

- ◆ high speed digital communication,
- ◆ Different programmable settings, such as alarm tone, zone type, recording, monitoring, remote control, telephone number, telephone line check, etc.

- ◆ 8 arm mode, exit arm border arm, single zone arm, delay arm, remote arm and preset time arm
- ◆ 6 DIAARM mode: single-zone release of the keyboard password release, long-range disarm, remote disarm, disarmed alarm
- ◆ 8 zone mode, instantaneous zone delay zone 24 hours zone, boundary zone, fire alarm area, gas zonecheck area, by-pass zone
- ◆ Remote control function External display, remote monitoring
- ◆ Emergency search record record, you can save 50 record information "watch dog" function, to avoid system shutdown
- ◆ Telephone line fault detection function: When the telephone line is cut or shorted, the system will alarm.
- ◆ Alarm dialing priority
- ◆ When the AC power is off, the backup DC 12V 7Ah rechargeable battery supports the operation
- ◆ Eight-way output module can be customized output: linkage output; remote control output (mainly used for monitoring, control of household appliances, lamps and other connections)
