

● Parameter

Model	205L ***** 165W 74H (mm)
Output Voltage	DC12V
Output Current	3A
Output Voltage Regulation	0-15s
Efficiency	High efficiency power supply
Protection	Overvoltage protection, overcurrent protection
Control	Remote control
Remote Control	Remote Control (Control distance up to 80 meters)
Power	12V 7AH

● Introduction

The power supply is a 12V 7AH 5A controller. This power supply is 12V 7AH 5A controller.
